What is Mermaiding

Mermaids have been in human folklore for thousands of years, mythical marine creatures in art, literature and cinema.

Mermaid swimming began in the early 2000s

SSI introduced **Mermaid certifications** in 2018 to insure comfort and safety.

Today **Mermaiding** is a water activity where you swim using a **monofin and mermaid tail**, combining **freediving, fun, and fantasy**, to:

- 🐬 Build **water confidence**
- 🐬 Improve **breath control and body awareness**
- 🐬 Inspire **creativity and movement**
- 🐬 Encourage **respect for the ocean**
- 🐬 Be the **first step toward freediving or scuba diving**
- 🐬 Offer a **safe and inclusive** activity for all ages and people

Mermaiding is not just for kids or costumes: it's a growing sport, art form, and lifestyle that brings freedom, expression, and respect for the sea.
